

# The Foundation And Construction Of Ethics Compiled From His Lectures On Practical Philosophy

by Franz Clemens Brentano ; Franziska Mayer-Hillebrand  
(b. 1885); Elizabeth Hughes Schneewind

Catalog of Copyright Entries. Third Series: 1973: January-June - Google Books Result These are generally thought to be lecture notes or texts used by his students. Aristotle defines his philosophy in terms of essence, saying that philosophy is the science of being. By practical science he means ethics and politics; by poetical science, he means the science of the soul. He constructed a logic which helped in the evaluation of truth but which was not a science of being. *The Foundation and Construction of Ethics: Compiled from His Lectures on Practical Philosophy* by Franziska Mayer-Hillebrand.
